CERTIFICATION

American Board Certification in Interventional Cardiology, Nov 2010

Certification Board of Cardiovascular Computed Tomography, Dec 2008

American Board Certification in Interventional Cardiology, Nov 2000

FACC- Fellow of the American College of Cardiology, Feb 1995

American Board Certification in Cardiology, March 1990

Certificate of Competence in Cardiology, Royal College of Physicians of Canada, Nov 1988

FRCP- Fellow of the Royal College of Physicians and Surgeons of Canada, Specialist in Internal Medicine, June 1987

Diplomat of the American Board of Internal Medicine, Jan 1987

Diplomat of the National Board of Medical Examiners (USA), July 1983

Licentiate of the Medical Council of Canada, June 1982

MD: Laval University (Quebec City, Canada), May 1982

APPOINTMENTS

July 2010-present: Editorial Board of the Journal Cardiology (Karger)

March 2007- June 2011: Editorial Board of the Journal of Invasive Cardiology

September 2005-present: Professor of Medicine, State University of New York Health Science Center at Brooklyn, NY

June 2005-present: Research Core Director for NIH-sponsored Brooklyn Center for Health Disparities

April 2004-present: Director of Clinical Research, Center for Cardiovascular and Muscle Research (CCMR), State University of New York at Brooklyn, NY

January 2003-present: Director of Interventional Cardiology Fellowship Program, State University of New York Health Science Center at Brooklyn, NY

January 2003- 2005: Editorial Board of the Journal of Cardiovascular Revascularization Medicine

January 2003-Sept 2005: Associate Professor of Medicine, State University of New York Health Science Center at Brooklyn, NY

July 2001-2005: Editorial Board of the Journal of the American College of Cardiology

January 1994-Dec 2002: Assistant Professor of Medicine, Attending Interventional Cardiologist, Mt. Sinai School of Medicine, NY

July 1992-Dec 1993: Instructor in Medicine, Mt. Sinai School of Medicine, NY

July 1988-June 1992: Cardiology Research Fellow and Coronary Angioplasty Fellow, Mount Sinai Medical Center, NY

July 1986-June 1988: Clinical Cardiology Fellow: St. Michael's Hospital and Mount Sinai Hospital, University of Toronto, Canada

July 1983-June 1986: Internal Medicine Resident: Montreal General Hospital, McGill University, Canada

July 1982-June 1983: Intern: Queen Elizabeth Hospital, McGill University, Canada

AWARDS

July 1997: Preceptor to recipient of the American College of Cardiology/Merck Adult Cardiology Research Fellowship Award for 1997-98

June 1995: NIH General Clinical Research Center Award (Principal Investigator for Cardiovascular Project)

June 1994: NIH Clinical Investigator Development Award (KO8 HL03210-01)

June 1992: Denber Research Award for Excellence in Cardiovascular Research

March 1992: American College of Cardiology, New York State Chapter Young Investigators Honorable Mention Award

Oct. 1990: Mt. Sinai Hosp., NY, Annual Research Day Award

June 1990: Medical Research Council of Canada Fellowship Award

July 1988: Canadian Heart and Stroke Foundation Research Fellowship Award

May 1987: Ursula Bangs Research Competition Award, University of Toronto

INVITED LECTURES (up to 2008)

October 2008: (i) Moderator of Interventional Pharmacology Board Review. (ii) Anti-thrombins for ACS: UFH/LMWH ± upstream IIb/IIIa is still the best option. (iii) Dual antiplatelet and DES guidelines. Transcatheter Cardiovascular Therapeutics (TCT) Annual Scientific Sessions, Washington, DC.

October 2007: (i) New Insights Into Glycoprotein IIb/IIIa Inhibitor Use: Bolus Only GP IIb/IIIa Inhibition During PCI. (ii) Controversies in Adjunct Pharmacology: Low

Molecular Weight Heparin in ACS and PCI. Transcatheter Cardiovascular Therapeutics (TCT) Annual Scientific Sessions, Washington, DC.

June 2005: The Evolving Role of Anticoagulation in Coronary Intervention. 3rd Annual New Jersey Cardiovascular Symposium: An Update in the Management of Acute Coronary Syndromes and Heart Failure. Newark, NJ.

March 2005: Unfractionated Heparin Is Obsolete in the Cath Lab-Opening Arguments/Rebuttal, Protagonist. Debate at the ACC Annual Scientific Sessions, Orlando, FL.

September 2004: Monitoring of Low Molecular Weight Heparins - from Theory to Practice. Transcatheter Cardiovascular Therapeutics (TCT) Annual Scientific Sessions, Washington, DC.

April 2004: Enoxaparin in Acute Coronary Syndromes and Percutaneous Coronary Intervention. Interventional Cardiology Review Course, San Jose, CA.

September 2003: The Emerging Role of Natriuretic Peptides in Percutaneous Coronary Intervention. Transcatheter Cardiovascular Therapeutics (TCT) Annual Scientific Sessions, Washington, DC.

July 2003: Anticoagulant effects of LMWHs in surgical and interventional indications. Presented to the WHO Working Group on Unfractionated Heparin and Low Molecular Weight Heparin / Working Party on Monitoring of Low Molecular Weight Heparin. Scientific and Standardisation Committee of the International Society on Thrombosis and Haemostasis, 49th Annual Meeting, Birmingham, UK

June 2003: Intravenous Low Molecular Weight Heparin During PCI. Tenth International Symposium on Thromboembolism, London, England.

March 2003: Role and Controversies of Antithrombin Therapy in the Cardiac Catheterization Laboratory. 4th Annual Antithrombotic Therapy Symposium, Detroit, MI.

January 2003: Adjunct Pharmacology for PCI. Cardiovascular Revascularization Therapy 2003, Washington, DC.

Oct. 2002: Anti-inflammatory Effects of Anti-platelet Agents. Sixth Annual Scientific Meeting of the Institute of Cardiovascular Science and Medicine, Hong Kong.

September 2002: Low Molecular Weight Heparins and Direct Thrombin Inhibitors. Transcatheter Cardiovascular Therapeutics (TCT) Annual Scientific Sessions, Washington, DC.

June 2002: Monitoring Antithrombotic Therapy During Arterial Intervention. Ninth International Symposium on Thromboembolism, Seville, Spain.

September 2001: GPIIb/IIIa Inhibitors- New Trial Insights and Controversies. Transcatheter Cardiovascular Therapeutics (TCT) Annual Scientific Sessions, Washington, DC.

July 2001: Direct Thrombin Inhibition in Percutaneous Coronary Intervention. Second International Congress on Heart Disease, Washington, DC.

June 2001: Monitoring Low Molecular Weight Heparins During Coronary Intervention. Eighth International Symposium on Thromboembolism, Florence, Italy.

May 2001: Challenges in the Modern Management of Complex Coronary and Peripheral Vascular Disease. Scripps Memorial Hospital, La Jolla, CA.

March 2001: State of the Art Antithrombotic Therapy 2001. LMWH in Interventional Cardiology. Wayne State University, Dearborn, MI.

March 2001: Adenoviral-mediated Angiogenic Gene Therapy. Annual Scientific Sessions of the American College of Cardiology, Orlando, FL.

Nov. 2000: Low Molecular Weight Heparins in Coronary Intervention. Annual Scientific Sessions of the American Heart Association, New Orleans, LA.

Oct. 2000: Oral Antiplatelet Agents. Interventional Cardiology Review Course, Transcatheter Cardiovascular Therapeutics (TCT) Annual Symposium, Washington, DC.

August 2000: Congress of the European Society of Cardiology. Differentiation of Glycoprotein IIb/IIIa Inhibitors. Amsterdam, The Netherlands.

May 2000: Paris Course on Revascularization. Switching Patients from Small Molecules to Abciximab. Paris, France.

March 2000: Alternative Revascularization Strategies: PMR/DMR and Angiogenesis. Evening session panelist at the American College of Cardiology 49th Annual Scientific Sessions, Anaheim, CA.

Oct. 1999: Tirofiban in the Management of Acute Coronary Syndromes. Symposium on Platelet GP IIb/IIIa Inhibitors. Lisbon, Portugal.

Oct. 1999: Congress of the Korean Society of Circulation. Platelets as the target in thrombus formation. Seoul, Korea.

Sept. 1999: Aspirin and Thienopyridines. Interventional Cardiology Review Course, Transcatheter Cardiovascular Therapeutics (TCT) Annual Symposium, Washington, DC.

Sept. 1999: Keynote Address: New Pharmacologic Adjuncts in Coronary Intervention. Cardiac Intervention in Chicagoland, Chicago, Illinois.

Sept. 1999: ACS Debate Club. Transcatheter Cardiovascular Therapeutics (TCT) Annual Scientific Sessions, Washington, DC.

Sept. 1999: Platelet Receptor Inhibitors. Cardiology Grand Rounds, University of Virginia, Charlottesville, VA.

August 1999: Acute Myocardial Infarction: Invasive versus Medical Therapy. Invitational Cardiology Symposium, Akron General Medical Center, Akron, OH.

June 1999: Gene Therapy for Therapeutic Angiogenesis. A Live Symposium of Complex Coronary Cases. New York, NY.

April 1999: Platelet Glycoprotein IIb/IIIa Receptor Blockers in Coronary Interventions: What Did We Learn from EPIC, EPILOG, EPISTENT, RESTORE, and IMPACT II? Boston, MA

March 1999: GPIIb/IIIa Inhibition in Acute Coronary Syndromes Management. CME Symposium at the 1999 Annual Meeting of the American College of Cardiology. New Orleans, LA.

Jan. 1999: Indications for GP IIb/IIIa Inhibitors in Acute Coronary Syndromes and Percutaneous Coronary Interventions. St. Louis University Hospital, St. Louis, MO.

Nov. 1998: New Paradigm in the Treatment of Acute Coronary Syndromes. The Role of Troponin and IIb/IIIa Inhibitor Therapy. Stony Brook University Hospital, NY.

Sept. 1998: Interventional Cardiology Update 98. CK versus Troponin in the Diagnosis of Acute Coronary Syndromes and Periprocedural CK Elevation. Orlando, FL.

Sept. 1998: The Bernard and Helen Perlman Lecture: Platelet GP IIb/IIIa Receptor Blockers. The New York Cardiological Society, Inc. 70th Anniversary Program on Emerging Issues in the Practice of Cardiology. New York, NY.

July 1998: Acute Coronary Syndromes: Incorporating New Therapies to an Established Algorithm of Care. Hartford, CT

June 1998: Gene Therapy for the Management of In-stent Restenosis. A Live Symposium of Complex Coronary Cases. New York, NY.

June 1998: Molecular Biology of Restenosis. Current Medical and Interventional Therapy in Acute Coronary Syndromes. New York, NY.

April 1990: The Acute Biological Response to Excimer Versus Thermal Laser Angioplasty in Experimental Atherosclerosis. Symposium on Laser Angioplasty. University Hospital Utrecht, Maastricht, The Netherlands.

MEDIA RESOURCE EDUCATIONAL MATERIALS

CD-ROM: Low Molecular Weight Heparin in the Cardiac Catheterization Laboratory. September 2002. (produced by alphaMED, New York, NY, and the Annenberg Center for Health Sciences at Eisenhower, 39000 Bob Hope Drive, Rancho Mirage, CA 92270).

CD-ROM: The Evolving Role of Tissue Factor and its Inhibitor, TFPI. The Margaux Conference on Critical Illness, Sedona, AZ 2001 (produced by Remedica Communications, UK; www.remedica.com).

CD-ROM: Antithrombotic drugs in Interventional Cardiology. 8th International Symposium on Thromboembolism. Palazzo dei Congressi, Florence, Italy 2001 (produced by Remedica Communications, UK; www.remedica.com).

CD-ROM: ACC Spotlight Series: ACCIS 2001. Alternative Revascularization Strategies. Orlando, FL 2001 (produced by PhysicianEd, Boston, MA).

CD-ROM: Oral antiplatelet therapy. 3rd Annual Interventional Cardiology Self-Assessment Course. Washington, DC 2000 (produced by The Cardiovascular Research Foundation).

CD-ROM: GP IIb/IIIa Inhibition in Acute Coronary Syndromes- Science and Practice. New Orleans, LA 1999 (produced by Conceptis Technologies, Montreal, Canada).

PATENTS

Tissue Inhibitor of Metalloproteinase-1 (TIMP-1) is an Independent Predictor of All-Cause Mortality, Cardiac Mortality, and Myocardial Infarction. Submitted December 2, 2004 by The Research Foundation of the State University of New York (SUNY). For more information, visit: www.RFSUNY.org.

GRANT SUPPORT

Past Grants

- 1) Principal investigator: Jonathan D. Marmur
- source: Ontario Heart and Stroke Foundation
- title of project: Biologic Response to Vascular Injury
- dates of project: 1988-1990
- total direct cost of project \$70,000

- 2) Principal investigator: Jonathan D. Marmur
- source: Medical Research Council of Canada Fellowship Award (9211FER-1033-34668)
- title of project: Molecular Responses to Vascular Injury
- dates of grant: 1990-1994
- total direct cost of project \$202,000

- 3) Principal investigator: Jonathan D. Marmur
- source: NIH/NHLBI (K08 HL03210-01)
- title of project: Tissue Factor Regulation In Arterial Injury
- dates of project: 1994-1999
- total direct cost of project \$436,590

- 4) Principal investigator: Jonathan D. Marmur
- source: Novo Nordisc
- title of project: FFR-rFVII in Patients Undergoing Elective PTCA-ACES
- dates of project: 1999-2001
- total direct cost of project \$65,750

- 5) Local (Mt. Sinai Hospital, NY) principal investigator: Jonathan D. Marmur
- source: Berlex Laboratories
- title of project: Adenovirus Mediated Human FGF4 Gene Transfer in Patients with Angina Pectoris
- dates of project: 1998-2001
- total direct cost of project \$155,000

- 6) Principal investigator: Jonathan D. Marmur
- source: Pharmacia & Upjohn
- title of project: Dalteparin Reopro ACT Monitoring (DREAM)
- dates of project: 2000-2003
- total direct cost of project \$182,000

- 7) Local (Mt. Sinai Hospital, NY) principal investigator: Jonathan D. Marmur
- source: Berlex Laboratories
- title of project: A Multicenter, Randomized Double-Blind, Placebo Controlled Study to Evaluate the Efficacy and Safety of Ad5FGF-4 in Patients with Stable Angina
- dates of project: 2000-2003
- total direct cost of project \$181,000

Current Grants

Source: Pfizer, Inc.

Title: ACT-guided Titration of Low Molecular Weight Heparin Dosing in Percutaneous Coronary Intervention

Period of Support: 2003-present

Role: Principal Investigator

Total Cost of Project: \$600,000

Source: National Institutes of Health

Grant Number: 1R21HL098661-01

Title: Plasma F11R and Cardiovascular Outcomes in Patients with Coronary Artery Disease

Period of Support: 03/01/2010 – 02/29/2012

Role: Collaborator (Principal Investigator: Dr. Erdal Cavusoglu)

Aim: The major aim of this project is to investigate the role of F11R in patients with established coronary artery disease

Source: American Heart Association (Founders Affiliate)

Grant Number: 10GRNT3700003 (Grant-in-Aid)

Title: Endogenous Erythropoietin and Outcome in Coronary Artery Disease

Period of Support: 07/01/2010 – 06/30/2013

Role: Collaborator (Principal Investigator: Dr. Erdal Cavusoglu)

Aim: The major aim of this project is to determine the prognostic significance of erythropoietin in patients with the acute coronary syndromes
